The Mobile Museum

brought to you by Children's Museum of Central Oregon

Bringing Hands-On Exploration and Play Directly to You!

Introducing the **Mobile Museum!**

A groundbreaking initiative designed to ignite the spark of wonder and learning in children wherever they may be. The Children's Museum of Central Oregon is bringing captivating, interactive, and playful learning experiences directly to young minds. With our carefully curated collection of exhibits, we aim to inspire, engage, and empower children through hands-on exploration and discovery.

What's **Included:**

CMCO Provides:

- Hands on and interactive STEAM-based exhibits
- Instructional signs to accompany each exhibit

A stylized landscape illustration on the left side of the page. It features a blue semi-circle on the left, followed by three green hills of varying shades. A yellow circle representing the sun is positioned above the hills. Below the hills is a blue circle containing three wavy lines representing water. The entire scene is set against a background of yellow wavy lines.
